This survey is part of a study that I originally began while working on my doctoral dissertation at Duke University. The subject of the dissertation was the UFO abduction movement. It has been published by the University of California Press.

I am continuing to study the UFO community. With this survey I hope to get basic information about people who are interested enough in the subject of UFOs to spend their time and money pursuing their interest. I would appreciate your help in this project if you are willing to provide it. Please fill out the survey and return it to me either via the mail or, **if** you have picked up this survey at a conference, look for a **ACompleted Surveys@box** on a literature table. To send it, my address is:

Please note:

(1) Participation is strictly voluntary.

(2) DO NOT sign your name to this survey. Your anonymity is assured.

(3) You DO NOT have to answer all the questions if you do not want to do so for any reason.

If you consider yourself to be an abductee/experiencer and would be willing to fill out an additional, lengthier survey for abductees, please look for the Survey for Abductees near where you picked up this survey, or send me your name and address *separately* from this present survey and indicate that you would like one of the abductees= surveys to fill out.

Thank you in advance for whatever help you are willing to give me on this project.
